# NOTES FROM THE EDITOR

## SUMMAH TIME, BIKE TIME, CONCERT TIME!!!

Well welcome to summer approaching. Hope your May was better than mine and you're ready to give er thru to hibernation season.

This is my 10th Anniversary issue - yep 10 years ago the first issue of the Valley Vendor was printed under my name Ray Pappin.

As I've mentioned in this year's initial 5 issues there have been staffing changes to provide you, the reader, with the paper

you love.  
Changes happen for a variety of reasons - production costs,

employee job complacency, performance inability, want the whole list? the paper and want to offset my increased drug bills. Well folks sorry if I shook ya's up a bit with the paper being late but I got SICK eh! SEND MONEY LOL Meds are EXPENSIVE!

May 23 saw us at Felix's for the annual swap meet enjoying the company of old friends and meeting some new drive by visitors that biked in.

Managed to get a "last minute" reservation for MoM at the BIG "Mothers Day" buffet. Long wait while they setup for the second run but thanks for getting us seated.

One night I had a little visitor tree frog came skipping across the floor covered with Nobby's dog hair so I cleaned him up.

On the home front - I'm buying steaks for \$15.41 kg about \$6-\$9 a T-bone but everywhere else I looked they were \$29-\$33 kg or \$12-\$16 a steak.

New entertainment centre with fireplace and USB turntable and new LP storage unit. My May slid downhill when I went to see the "sawbones" and got slapped on an antibiotic drip for an infection which will continue to mid June. Well that's about it for this issue - sorry it's a week late but with my personal health issues and new production snags all I can say is keep er upright, between the ditches be good to you Mom and if you appreciate the paper and want to offset my increased drug bills throw a few dollars in an envelope and send er over or drop by the BMO and throw some into 23906 3224-728 - ya right eh - lol.

## JUST FOR FUN

Two men dressed in pilots' uniforms walk up the aisle of the aircraft.

Both are wearing dark glasses, one is using a guide dog, and the other is tapping his way along the aisle with a cane.

Nervous laughter spreads through the cabin, but the men enter the cockpit the door closes, and the engines start up. The passengers begin glancing nervously around, searching for some kind of a sign that this is just a little practical joke. None is forthcoming.

The plane moves faster and faster down the runway, and the people sitting in the window seats realize they're head-

ed straight for the water at the edge of the airport property. Just as it begins to look as though the plane will plow straight into the water, panicked screams fill the cabin.

At that moment, the plane lifts smoothly into the air.

The passengers relax and laugh a little sheepishly, and soon all retreat into their magazines and books, secure in the knowledge that the plane is in good hands.

Meanwhile, in the cockpit, one of the blind pilots turns to the other and says, 'You know, Bob, one of these days, they're gonna scream too late and we're all gonna die!!'

### BLESSED CANADA

On the sixth day God turned to the Archangel Gabriel and said: "Today I am going to create a land called Canada It will be a land of outstanding natural beauty. It shall have tall majestic mountains full of mountain goats, and eagles, beautiful sparkling lakes bountiful with bass and trout, forests full of elk and moose, high cliffs over-looking sandy beaches with an abundance of sea life, and rivers stocked with salmon."

God continued, "I shall make the land rich in resources so as to make the inhabitants prosper, I shall call these inhabitants Canadians, and they shall be known as the most friendly people on the earth."

"But Lord," asked Gabriel "don't you think you are being too generous to these Canadians?"

"Not really," replied God "just wait and see the winters I am going to give them."

AND NOW YOU KNOW.

## How do court reporters keep straight faces?

ATTORNEY: What gear were you in at the moment of the impact?

WITNESS: Gucci sweats and Reeboks.

ATTORNEY: What is your date of birth?

WITNESS: July 18th.

ATTORNEY: What year?

WITNESS: Every year.

ATTORNEY: How old is your son, the one living with you?

WITNESS: Thirty-eight or thirty-five, I can't remember which.

ATTORNEY: How long has he lived with you?

WITNESS: Forty-five years.

ATTORNEY: This myasthenia gravis, does it affect your memory at all?

WITNESS: Yes.

ATTORNEY: And in what ways does it affect your memory?

WITNESS: I forget..

ATTORNEY: You forget? Can you give us an example of something you forgot?

ATTORNEY: Now doctor, isn't it true that when a person dies in his sleep, he doesn't know about it until the next morning?

WITNESS: Did you actually pass the bar exam?

ATTORNEY: The youngest son, the 20-year-old, how old is he?

WITNESS: He's 20, much like your IQ.

ATTORNEY: She had three children, right?

WITNESS: Yes.

ATTORNEY: How many were boys?

WITNESS: None.

ATTORNEY: Were there any girls?

WITNESS: Your Honor, I think I need a different attorney. Can I get a new attorney?

ATTORNEY: How was your first marriage terminated?

WITNESS: By death.

ATTORNEY: And by whose death was it terminated?

WITNESS: Take a guess.

ATTORNEY: Can you describe the individual?

WITNESS: He was about medium height and had a beard

ATTORNEY: Was this a male or a female?

WITNESS: Unless the Circus was in town I'm going with male.

ATTORNEY: Is your appearance here this morning pursuant to a deposition notice which I sent to your attorney?

WITNESS: No, this is how I dress when I go to work.

ATTORNEY: Doctor, how many of your autopsies have you performed on dead people?

WITNESS: All of them. The live ones put up too much of a fight.

ATTORNEY: ALL your responses MUST be oral, OK? What school did you go to?

WITNESS: Oral...

ATTORNEY: Do you recall the time that you examined the body?

WITNESS: The autopsy started around 8:30 PM

ATTORNEY: And Mr. Denton was dead at the time?

WITNESS: If not, he was by the time I finished.

And last...

ATTORNEY: Doctor, before you performed the autopsy, did you check for a pulse?

WITNESS: No.

ATTORNEY: Did you check for blood pressure?

WITNESS: No.

ATTORNEY: Did you check for breathing?

WITNESS: No..

ATTORNEY: So, then it is possible that the patient was alive when you began the autopsy?

WITNESS: No.

ATTORNEY: How can you be so sure, Doctor?

WITNESS: Because his brain was sitting on my desk in a jar.

ATTORNEY: I see, but could the patient have still been alive, nevertheless?

WITNESS: Yes, it is possible that he could have been alive and practising law.

A recent study found the average Canadian walks about 900 miles a year. Another study found Canadians drink, on average, 22 gallons of beer a year. That means, on average, Canadians get about 41 miles to the gallon. Kind Of Makes You Proud To Be Canadian, doesn't it??!!

You have two choices in life: You can stay single and be miserable, or get married and wish you were dead. At a cocktail party, one woman said to another, "Aren't you wearing your wedding ring on the wrong finger?" "Yes, I am. I married the wrong man."

## Why do a Criminal Pardon (Record Suspension)?

A Canadian pardon is a method of removing a past criminal offense from public record.

A pardon decision is made by the Canadian Parole Board after they review the nature of the prior criminal offenses and documentary evidence relating to "rehabilitation" and other factors that justify a pardon.

Advantages to receiving a Record Suspension:

- Proud to have no further record of past foolishness
- Improve your life, travel and work when applying for a job and records check
- People deserve the right for personal growth and to better themselves

- Stress free travel across international borders confidently and undergo any work related security checks that may be required in the future—Relief from deportation

- Freedom to achieve emotional and psychological closure removing any self-induced humiliation associated with the past events—Forgiveness of past mistakes—No secret shame.

Everyone makes mistakes. Sometimes those mistakes lead to a criminal record.

Over 4 million Canadians have a criminal record; rest assured

you are not alone. Everyone has a legal story. You can apply for your own record suspension but the paperwork and procedure can be daunting.

The process can take 18 to 24 months.

This means you can explore a whole new world of job opportunities or enjoy the freedom to travel to any of your favourite destinations. Insurance companies, financial institutions, apartment rentals, being bonded, contractors hiring sub contracts, educational opportunities, and volunteer organizations are all requesting criminal records checks more frequently now.

To be eligible to receive a pardon in Ontario means an application in Canada to meet the requirements as listed; it must be 3, 5 or 10 years since you completed the sentence for your offense, depending on the type of offense convicted and the seriousness of the crime committed. This time frame includes the completion of all probation

and the payment of all fines. If you have a non-conviction record holding you back from enjoying life it would be useful to get a Record Purge.

Even if you have never been convicted of a crime, a registered background check can still show a non-conviction record on your criminal records check. This could stop you from finding work, adopting a child, or even travelling freely across the border.

To be considered personally eligible for a Record Purge:

- You must not be convicted of a summary or indictable offense.
- In the case of a discharge, your record must originate before July 24, 1992.
- You must not have a criminal case pending before the courts. This includes courts in other jurisdictions.
- Criminal activity would pose a substantial hurdle to a record removal process since local police have a say in the matter.

### JUST FOR FUN

A lawyer had a wife and 12 children and needed to move as his rental agreement was coming to an end for the home where he lived but was having difficulty in finding a new home. When he said he had 12 children, no one would rent a home to him because they knew that the children would destroy the home. He could not say that he had no children, he could not lie; after all, lawyers cannot and do not lie. So, he had an idea: he sent his wife for a walk to the cemetery with 11 children. He took the remain-

ing one with him to see homes with the Real Estate Agent. He liked one of the homes and the agent asked, "how many children do you have?"

He answered: "12 children".

The agent asked, "where are the others?" The lawyer answered, with a sad look, "They are in the cemetery with their mother". And that's the way he was able to rent a home for his family without lying.

MORAL: It is not necessary to lie; one only has to choose the right words. Lawyers don't lie... they are creative.

## TIP TOP TOES

Hello! It's Audrey, the foot care nurse...it's here! It's finally here...SUMMER! One benefit of summer in the Ottawa Valley is knowing that instead of trying to keep frostbite at bay, you can relax with your toes digging bare foot in the sand at the cottage or the many beaches. But remember you can seriously sunburn your feet, and no matter where you are athlete's foot can lay waiting at any pool.

Remember to be sun savvy and foot careful this summer with these helpful hints: Limit walking barefoot as it exposes feet to sunburn, as well as plantar warts, athlete's foot, ringworm, and other infections and also increases risk of injury to your feet.

Wear shoes or flip-flops around the pool, to the beach, or in the change room to prevent injuries and limit the likelihood of contracting any bacterial infections. Remember to apply waterproof sunscreen all over your feet, especially the tops and fronts of ankles, and don't forget to reapply after you've been in the water. And remember a SPF over 30 is recommended. This should be my mantra, I know all of my patients may tire of me preaching this, but stay hydrated by drinking plenty of water throughout the day. This will not only help with overall health, but will also minimize any foot swelling caused by the heat. Keep blood flowing with periodic ankle flexes, toe wiggles, and calf stretches. Some activities at the beach, lake or river may require different types of footwear to be worn. To be safe, always pack an extra pair of sneakers or water shoes. If your shoes will be getting wet, they should be dried out completely before your next wearing to prevent bacteria or fungus from growing. If you injure your foot or ankle while on vacation, seek professional medical attention.

In case of minor foot problems, be prepared with the following on-the-go foot gear:

- Flip flops—for the pool, spa, hotel room, and airport security check points.
- Sterile bandages—for covering minor cuts and scrapes.
- Emollient-enriched cream—to hydrate feet.
- Blister pads or moleskin—to protect against blisters.
- Motrin or Advil (anti-inflammatory)—to ease tired, swollen feet.
- Toenail clippers—to keep toenails trimmed.
- Emery board—to smooth rough edges or broken nails.
- Pumice stone—to soften callused skin.
- Sunscreen—to protect against the scorching sun.
- Aloe vera—to relieve sunburns.

Remember to check your feet daily, especially those with diabetes or any other ailment that causes a decrease in foot sensitivity. I always recommend using a hand mirror to see all areas. Summer is such a short season, please take care of your feet so that you can enjoy every last minute of it...and if you are having difficulty, you can always visit a foot care nurse...like ME!!!

## INTRODUCING

### VALLEY VENDOR SENIOR SERVICES DIRECTORY

Over June 2015, we will be calling on Senior Services related business in hopes of designing a Valley service directory in the paper to serve our 20,000+ readers, the majority of which are boomers or boomer II's. Interested businesses, residential facilities, in-home providers, transport, hearing, dentist and more may contact the pa-

### G'DAY FROM RAY

Mid May 2015 I went to see the sawbones and was introduced to the Emergency services of the hospitals of Renfrew and Pembroke, CCAC services and Access Health. I know the Northern Old Bastards Vintage MC Club give annually to hospitals, but seeing what they do first hand is something else. Since that day and up to mid June, I will be receiving IVs every day to treat an infection. It was refreshing to see that these services are available, and to deal with the professionals associated with the processes of health care. Adjustments to my drug expenses have been large and I am not 'on the dole' so any readers that want me to keep providing you something to read feel free to join the other readers in the past that have sent in donations in appreciation and send in some cash to help out. You may also walk into any BMO and throw some \$\$ into 23906 3224-728 or even email transfer me some. Sorry if the paper is a little late this month but ya know SH\*T happens eh!

per for inclusion in this directory. Elders that wish to see a directory in the paper please let us know. Direct all queries to Mr. Michael Gould at 613-732-7999 or appointments@bell.net. Existing clients may contact the office or Belliere in sales. Michael will be canvassing the remainder. Wishing everyone good health.

## JUST FOR FUN

A newsboy was standing on the corner with a stack of papers, yelling, "Read all about it. Fifty people swindled! Fifty people swindled!"

Curious, a man walked over, bought a paper, and checked the front page. Finding nothing, the man said, "There's nothing in here about fifty people being swindled." The newsboy ignored him and went on, calling out, "Read all about it. Fifty-one

people swindled!"

A lady inserted an ad in the classifieds: "Husband Wanted." The next day, she received a hundred letters, all saying the same thing: "You can have mine."

A little boy asked his father, "Daddy, how much does it cost to get married?"

Father replied, "I don't know son, I'm still paying."

Just think, if it weren't for mar-

riage, men would go through life thinking they had no faults at all.

Two boys were walking home from Sunday school after hearing a strong preaching on the devil. One said to the other, "What do you think about all this Satan stuff?"

The other boy replied, "Well, you know how Santa Claus turned out. It's probably just your Dad."

### JUST FOR FUN

At Sunday School, they were teaching how God created everything, including human beings.

Little Johnny seemed especially intent when they told him how Eve was created out of one of Adam's ribs.

Later in the week, his mother noticed him lying down as though he were ill, and she said, "Johnny, what is the matter?"

Little Johnny responded, "I have pain in my side. I think I'm going to have a wife."

# JUST FOR FUN

A cat died and went to Heaven. God met her at the gates and said, 'You have been a good cat all these years. Anything you want is yours for the asking.'

The cat thought for a minute and then said, 'All my life, I lived on a farm and slept on hard wooden floors. I would like a real fluffy pillow to sleep on.' God said, 'Say no more.' Instantly the cat had a huge fluffy pillow.

A few days later, six mice were killed in an accident and they

all went to Heaven together. God met the mice at the gates with the same offer that He made to the cat. The mice said, 'Well, we have had to run all of our lives from cats, dogs, and even people with brooms! If we could just have some little roller skates, we would not have to run again.' God answered, 'It is done.' All the mice had beautiful little roller skates.

About a week later, God decided to check on the cat. He found her sound asleep

on her fluffy pillow. God gently awakened the cat and asked, 'Is everything okay? How have you been doing? Are you happy?'

The cat replied, 'Oh, it is WONDERFUL. I have never been so happy in my life. The pillow is so fluffy, and

those little Meals on Wheels you have been sending over are delicious!'

For his birthday, little Joe asked for a 10-speed bicycle. His father said, "Son, we'd give you one, but the mortgage on this house is \$280,000 and your mother just lost her job. There's no way we can afford it."

The next day the father saw little Joe heading out the front door with a suitcase.

So he asked, "Son, where are you going?" Little Joe told him, "I was walking past your room last night and heard you telling Mom you were pulling out. Then I heard her tell you to wait because she was coming too. And I'll be damned if I'm staying here by myself with a \$280,000 mortgage and no bike."

Attending a wedding for the first time, a little girl whispered to her mother, "Why is the bride dressed in white?"

The mother replied, "Because white is the color of happiness, and today is the happiest day of her life."

The child thought about this for a moment then said, "So why is the groom wearing black?"

A little girl, dressed in her Sunday best, was running as fast as she could, trying not to be late for Bible class. As she ran she prayed, "Dear Lord, please don't let me be late! Dear Lord, please don't let me be late!" While she was running and praying, she tripped on a curb and fell, getting her clothes dirty and tearing her dress.

She got up, brushed herself off, and started running again. As she ran she once again be-

gan to pray, "Dear Lord, please don't let me be late...but please don't shove me either!"

Three boys are in the school yard bragging about their fathers. The first boy says, "My dad scribbles a few words on a piece of paper, he calls it a poem, they give him \$50."

The second boy says, "that's nothing. My dad scribbles a few words on a piece of paper, he calls it a song, they give him \$100."

The third boy says, "I got you both beat. My dad scribbles a few words on a piece of paper, he calls it a sermon, and it takes eight people to collect all the money!"

An elderly woman died last month. Having never married, she requested no male pallbearers. In her handwritten instructions for her memorial service, she wrote, "They wouldn't

take me out while I was alive, I don't want them to take me out when I'm dead."

A police recruit was asked during the exam, "What would you do if you had to arrest your own mother?" He answered, "Call for backup."

A Sunday School teacher asked her class why Joseph and Mary took Jesus with them to Jerusalem. A small child replied, "They couldn't get a baby-sitter."

A Sunday school teacher was discussing the Ten Commandments with her five and six year olds.

After explaining the commandment to "Honor thy father and thy mother," she asked, "Is there a commandment that teaches us how to treat our brothers and sisters?" Without missing a beat, one little boy answered, "Thou shall not kill."

### CATHOLIC PARROTS

A lady goes to her priest one day and tells him, "Father, I have a problem. I have two female parrots, but they only know how to say one thing." "What do they say?" the priest inquired. They say, "Hi, we're hookers! Do you want to have some fun?" "That's obscene!" the priest exclaimed, then he thought for a moment. "You know," he said, "I may have a solution to your prob-

lem. I have two male talking parrots, which I have taught to pray and read the Bible. Bring your two parrots over to my house, and we'll put them in the cage with Francis and Peter. My parrots can teach your parrots to praise and worship, and your parrots are sure to stop saying.. that phrase.. in no time." "Thank you," the woman responded, "this may very well be the solution." The next day, she brought her female parrots to the priest's

house. As he ushered her in, she saw that his two male parrots were inside their cage holding rosary beads and praying. Impressed, she walked over and placed her parrots in with them. After a few minutes, the female parrots cried out in

unison: "Hi, we're hookers! Do you want to have some fun?" There was stunned silence. Shocked, one male parrot looked over at the other male parrot and exclaimed, "Put the beads away, Frank. Our prayers have been answered!"

## JUST FOR FUN

Adam was walking around the garden of Eden feeling very lonely, so God asked him, "Adam, what is wrong with you?"  
Adam said he didn't have anyone to talk to. God said he was going to give him a companion and it would be a woman.  
God told Adam that this person would cook for him, wash his

clothes, would always agree with every decision Adam made.  
God continued, "She will bear your children and never ask you to get up in the middle of the night to take care of them. She will never nag you and will always be the first to admit that she was wrong when you've had a disagreement. She will

never have a headache and will freely give you love and compassion whenever you need it."  
Adam asked God, "What would a woman like this cost me?"  
God answered, "An arm and a leg."  
Adam thought for a moment, and then asked, "What could I get for just a rib?"  
The rest is history.

"I did not!" yells a patient sitting nearby.

**THE DIAGNOSIS**

A woman accompanied her husband to the doctor's office. After his checkup, the doctor called the wife into his office alone. He said, "your husband is suffering from a very severe disease, combined with horrible stress. If you don't do the following, your husband will surely die."

"Each morning, fix him a healthy breakfast. Be pleasant, and make sure he is in a good mood. For lunch make him a nutritious meal. For dinner prepare an especially nice meal for him. Don't burden him with chores, as he probably had a hard day. Don't discuss your problems with him, it will only make his stress worse. And most importantly. Make love with your husband several times a week and satisfy his every whim. If you can do this for the next 10 months to a year, I think your husband will regain his health completely."

On the way home, the husband asked his wife. "What did the

doctor say?"  
 "You're going to die," she replied.

This guy goes into a restaurant for a Christmas breakfast while in his home town for the holidays. After looking over the menu he says, 'I'll just have the eggs Benedict.'

His order comes a while later and it's served on a huge, fancy chrome plate.

He asks the waiter, 'What's

with the fancy plate?' The waiter replies, 'there's no plate like chrome for the hollandaise.'

**HAPPINESS**

To be happy with a man, you must understand him a lot and love him a little.

To be happy with a woman, you must love her a lot and not try to understand her at all.

**LONGEVITY**

Married men live longer than single men do, but married men

are a lot more willing to die.

**PROPENSITY TO CHANGE**

A woman marries a man expecting he will change, but he doesn't.

A man marries a woman expecting that she won't change, and she does.

**DISCUSSION TECHNIQUE**

A woman has the last word in any argument. Anything a man says after that is the beginning of a new argument.

**What does Glenergy do internationally?**

Glenergy is committed to the promotion of solar lighting in the developing world. We have a growing network of subsidiaries and affiliates in Africa through which we support local dealers with inventory, training and expertise. In an effort to eliminate the negative impacts of fuel-based lighting, Glenergy has developed a business model allowing small microbusinesses run by solar entrepreneurs to provide lighting service within their villages that is cheaper, safer and more effective than the currently available fuel-based lighting solutions. Supported by loans from Glenergy derived from loans to Glenergy from philanthropically-minded people, these entrepreneurs can start and grow their businesses in a variety of ways.

Their customers might pay cash for a lamp/solar panel system, or they may buy a lamp and pay for charging at the entrepreneur's solar charging station, they may rent a charged lamp, or they may make some other arrangement with the entrepreneur. They may be offered credit by the entrepreneur to enable the purchase, or may participate in a rent-to-own scheme. Different business models apply in different places, and even at different times, and will depend upon the resources and interests of the entrepreneurs and their customers. Next month's article will feature an interview from Glenergy's founder and president, Glen MacGillivray as he will be discussing his future plans and past activities in Africa, and all around the world.

# Spring has Sprung at Country Haven Retirement Home

Hello once again from Country Haven Retirement Home, located in the charming village of Beachburg! Here at our Home, we have passed a wonderful month of May!

The weather has been absolutely gorgeous, making strolls around the grounds very enjoyable for us all! With the birds singing, the flowers blooming, and the scent of lilacs in the air, this really is one of the best times of the year!

We kicked off the month of May with a very special birthday party, in honour of resident Eleanor (Nellie) Fleury. Nellie turned one hundred on May the sixth, so our Country Haven Family, along with Nellie's family, joined together to celebrate her incredible milestone! We were pleased to have our Administrator, Tom Chapat as the entertainment for the party, as Nellie's friends and family gathered to celebrate with her.

When word got out of Nellie's 100th Birthday, she received many special certificates and Happy Birthday wishes, from VIPs such as our Provincial and Federal Members of Parliament, the Governor General, and the Prime Minister himself! What lovely keepsakes to have in honour of a special day, and a very special lady! It was a wonderful party, and we wish Nellie many more healthy, happy years to come!

We also celebrated all of our incredible Country Haven mothers with a Mother's Day Party in May! We are very blessed at our Home to have a wonderful group of special mothers, grandmothers, and great-grandmothers, and once a year seems hardly enough to thank them for all they have done for us, and continue to do! We enjoyed the party, complete with pretty decorations, great entertainment, sentimental readings, yummy treats, and the very best company! We also presented all of the ladies with a beautiful carnation on Mother's Day morning, as a token of the love, and good wishes we have for them all year long! Happy Mother's Day to all!

The month of June is shaping up to be an enjoyable one here at Country Haven as well. We have our fingers crossed that the weather will continue to be as fabulous as it has been, so we can keep spending time outside in the fresh air and sunshine!

Plans are also underway to honour all of our terrific Country Haven Fathers with a special Father's Day Party in June. Rumour has it that there will be pizza and pop at that party, so it should be a good one!

From our Home to yours, we hope you all have a wonderful month! Until next time...happy trails!

**JUST FOR FUN**

A foursome of senior golfers hit the course with waning enthusiasm for the sport.

"These hills are getting steeper as the years go by," one complained."

"These fairways seem to be getting longer too," wheezed a second."

"And somehow, the sand traps seem to be bigger than I remember 'em too," said the third. Hearing just about enough from his buddies, the oldest,

and the wisest of the foursome at 87-years-old, piped up and said, "Oh my friends, just be thankful we're still on THIS side of the grass!"

An English professor announced to the class; "There are two words I don't allow in my class. One is gross and the other is cool."

From the back of the room a voice called out, "..... so, what are the words?"

### FOR SALE! Beautiful home on Hillside off Apple Blossom

*Close to 4000 sq feet of room for a growing family or for entertaining. The house has a tremendous flow to it starting on the first floor with a big raised living room with vaulted ceilings. This connects to a formal dining room, then the amazing eat in kitchen with family room and laundry beside. Second floor has a big master with walk in closet and en suite and two more big bedrooms and a full bath. The basement is fully finished and includes a great room 34 x 15 with 9 1/2 ceiling (ya baby!) Also has a huge 4 piece bath plus another rec room and an office/bedroom. The attached, 2 small car garage enters the first floor on a landing that feeds the family room, living room, 2 piece bath and basement stairs. Like I say the house flows beautifully. Oh ya, also hardwood throughout, granite counters, 4 bathrooms, s.s. dishwasher, s.s. range, newer roof, windows, high efficient gas furnace and air conditioner. Very energy efficient house. This really is a gem in an excellent neighborhood on a dead end street. Doesn't get much better than that.*
